

Hopper car for transportation of cement, model 19-9550-01

Description

The most up-to-date model of the new generation cement hopper car for transportation of cement in the CIS countries market.

The freight car is equipped with 25 tf bogie, that benefit, combined with the increased up to 72 m³ of body volume, ensures 79 t of the increased payload capacity. The design of the car allows to effectively transport cement, alumina, apatite concentrate, sand, gypsum, lime and other bulk powder and granulated freight loaded via the top hatches and discharged by means of gravitational unloading. For the prevention of vacuum formation in the body and the body deformation during unloading process the car is equipped with the anti-vacuum valve.

Increased terms of between-repairs run, which provide for the reduction of the car life cycle costs by almost 3 times, are a considerable competitive advantage of the car of model 19-9550-01. Cement hopper car is completely compatible with the existing infrastructure and can be operated at all types of loading-unloading terminals.

Specifications

Technical specification	Model 19-9550-01
Payload capacity, τ	79
Body space, m ³	72
Tare weight, τ	20.5
Length over coupler pulling faces, mm	12,020
Height from rail top level, mm	4,544
Number of loading/unloading hatches, pcs	4/4
Size of the loading hatch into the light, mm	610
Gabarit as per GOST 9238-2013	1-T
Bogie model	18-9855
Estimated static load from the wheel set on rails, kN (tf)	245.25 (25)
Service life, years	32
Regulatory overhaul period, up to mln km (years)	1 (8)

Cargoes

Cargo	OOH code cargo
Portland cement	28104
Cement is not named in the alphabet	28114
Alumina	15106
Apatite concentrate (apatite)	43103
Quartz sand, except construction	24146
Anhydrite (feldspar feldspar and light) in lumps and powder	23302
Sodium carbonate (sodium carbonate, soda ash)	48215
Sand molding	24147
Cements for tamping	28113
Limestone powder, not named in the alphabet	23306
Dolomite flour (ground dolomite)	24159
Granulated slag	27100
Technology chalk	23316
Slag m-200, m-300, m-400	28115
Other cargoes	O/R
